# Shared Space

FOOD JUSTICE

DECOLONIZING LINEAR SCIENCE

Hello (Osiyo)

With a good mind  
We give a Shout out to the First  
Peoples of turtle Island

Thank you (Wado) Ancestors for all  
you gave, taught and sacrificed for  
us to be here

Thank you water protectors:  
Water is Life  
Our minds are one

# Shared Space; Coevolution Matters

Linda Tuhiwai Smith quote on linear science

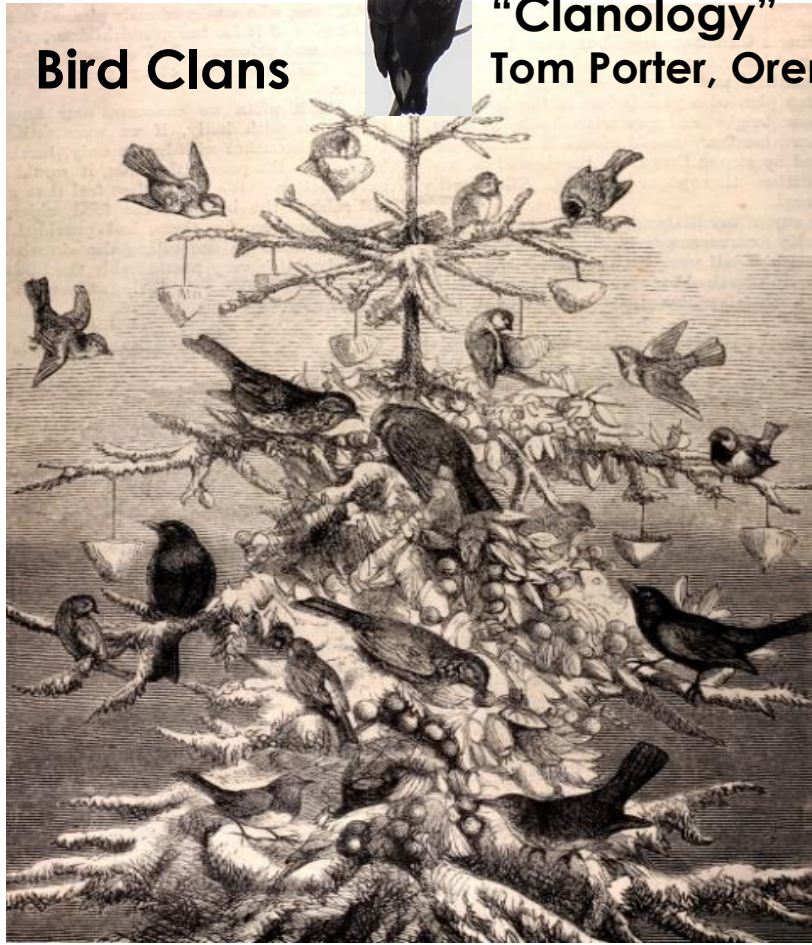

DNA Tells a Story

DNA the "Circle" of Life = Connected

**Bird Clans**

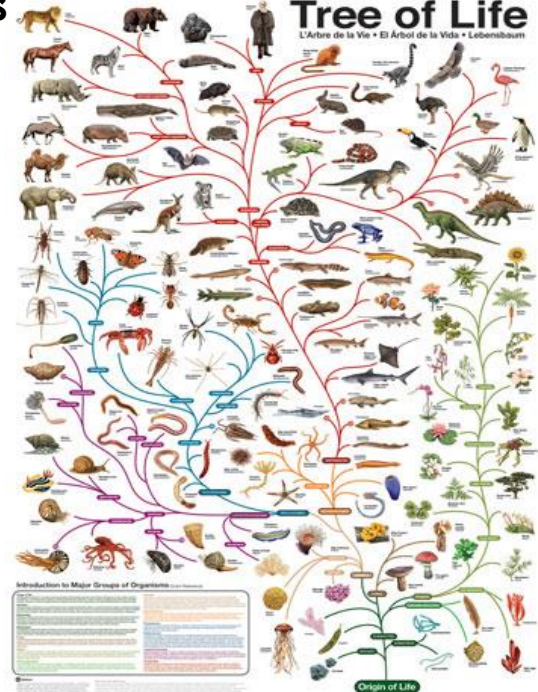

**"Clanology"**

Tom Porter, Oren Lyons

Anthropocentric

**Tree of Life**

Linear Science = influences  
Distancing/Compartmentalizing/  
Intersectionality

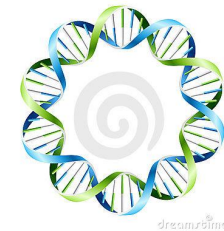

### 3 Food Justice and the Dominant Society/ Settler Colonialism

- ▶ Those who \*did not\* coevolve within U.S. ecosystems (subsistence, uncertainty foods and water) are still making \*all\* of the decisions to \*manage/own\* them, 500 years later. = BIOCOLONIALISM

Gathering food, Preparing food, caring for food, sharing food. trading food.  
Genetically connected food and water ....

Coevolution Matters

Decolonize, Relatives
